

ESCOLA NOSSA

Niterói, RJ - Brazil

data . .
D S T Q Q S S

Hi, welcome to Escola Nossa.
In our school we have 10
classrooms for 198 students and
39 teachers!
Our school has 5,000 m² and
it is 35 years old.

The rooms

In our school we have 16 rooms, The main rooms from 2^o to 9^o are 4, Science, Portuguese, geography and finally mathematics.

Some rooms are used for other specialized classes such as Theater, cooking, library, among others.

Science Classroom

We also have a Languages, a Mathematics and a Humanities classrooms.

Here we have English and science class. We have a mannequin with body parts, such as organs, muscle, etc.

There are 5 children's groups.

In the children's room there are several toys for children. They play together and do activities with recycled materials. They make everything fun! It is one of our kindergarten rooms.

Drama classes

This is our room with the best lighting, it even has a panel of lights. This room is so much fun. It is the drama class room.

The kitchen

this is the cooking room. In
this room we make very tasty recipes.
This class is really cool, because
we have fun making recipes. It is
the "experimental wisdom" room.

These are play areas here at our school!
We love the playground, the chicken coop
and the kiosks. During the break time
we spend more time in the kiosks, but
sometimes we also play in the play
grounds that have lots of toys!

The school T-shirt

We only have white uniforms, but when we saw yours, we wanted to have a black t-shirt too.

The uniform is not mandatory in our routine. It is when we have trips or events outside school.

At the end of the year, Brazilian students have a tradition to ask friends to sign each others' t-shirt to have a "Material memory" from that year at school.

School pets

We have some
hens and a
rooster.

Our favourite subjects

1. P.E.
2. Maths, Arts and Philosophy
3. Science
4. Portuguese and History
5. Geography, English, Spanish and Sociology

Special events

D S T Q Q S S
D L M M J V S

Here we have many events for examples:
Big Paol: This event takes place all two years. It's the most awaited event.
Flem: This event shows works for parents and students. In this event we have board games.

Special events

Sports and leisure: In this event we have board games and sports, such as football.

Music open minds: It's a party with music where we dance.

Sarau: This event is a music party where certain children play instruments and others sing.

Special events

Didagogical show: It's a moment where other students see their work.

Final presentation: It's the last presentation of the year. Where we put our efforts into practice. Drama Classes final presentation!

Special events

Thank you!
