

## A foreigner from Ethiopia

Today a foreigner came to our English lesson. His name was Jimmy Karlos Hurso. He came from Ethiopia.

He has a black belt in taekwondo and he taught taekwondo in Ethiopia. He also taught skateboarding. He has got ten siblings; seven sisters and three brothers. His two younger brothers also do taekwondo and now one of them is an instructor in Jimmy's sport centre. Last year Jimmy came to Hungary to be a referee in a taekwondo competition and now he is living in Pécs. He told us about the Ethiopian coffee ceremony where they invite all their neighbours and friends, and they can drink coffee together. He showed us some Ethiopian traditional foods. They eat them with their hands. We got to know that Ethiopia is the only country in Africa that wasn't colonized by any other countries and it has more than eighty languages. I enjoyed this lesson.
