

# SECRET AGENT ACADEMY PROJECT DAY

I think it was a very good day. We were at school, but not in normal lessons. We spoke English and we made progress. We wrote new words in our notebooks about spies — what they can do and what they can't, what they wear, and what gadgets they have.

There were six groups. In each group, there was one secret agent. We created a profile for each agent. In the photographs, they were in disguise. It looked funny! We played a lot of new and interesting games.
