

A trip to the zoo

Last week I went to the zoo with my class for the ZOOM into English project. We learned about animals and had a lot of fun. First, we played a Kahoot game at school and did another worksheet on the tablets, it was great!

Then we went to the zoo. I saw many animals. I worked in a group with my friends. We walked around read about the animals and answered questions about them. I really liked the animal mix, it was funny. The crossword was a little hard, but my friends helped me.

After that, we made a poster about an animal. My group chose the zebra. We wrote where zebras live, what they eat, and who their enemies are. We drew pictures and coloured the poster.

At the end, we showed our posters to the class. My friends told me what they liked about our work. I also listened to other groups. I learned about new animals. The teacher said we did a good job.

I liked the ZOOM into English project because it was fun and I learned a lot. I want to go to the zoo again.
